FOUNDATION  
for SUCCESS

June 2018

Dear Parents:

The New York State Education law requiring all public school children to have an annual medical examination states that:

"A health certificate shall be furnished by each pupil in the public schools upon his/her entrance to such school and by each child entering Pre-K or Kindergarten, first, third, fifth, seventh, ninth and eleventh grade thereof. An examination of any child may be required by the local school authorities at any time in their discretion to promote the educational interests of such child."

Attached please find a medical report form for the record of your child's examination by your own physician. **Please return the completed form to the health office in your school by October 5, 2018.** Those children in grades 1 and 3 without a completed medical report form will be seen by the School Medical Officer.

*Children in kindergarten and new entrants who do not provide a completed medical report by their physician will not be assigned to a class until such time as it is received. No letter assigning the teacher will be sent home.*

The Administration recommends that a thorough examination be completed on an annual basis for each child by your family physician. This will assure early detection of possible medical problems, as well as assuring that all protective measures such as immunization and booster inoculations are up to date and at a truly protective level.

Additionally, New York State law now requires all school districts to ask those same students (K, Grades 1, 3 and 5) for a Dental Health Certificate. A copy of that certificate is attached. However, failure to provide this certificate to the school will **not** preclude a child's attendance in our schools.

Your continued help and cooperation in providing the best health services for your child are greatly appreciated.

Sincerely yours,

  
Patrick J. Manley

**REQUIRED NYS SCHOOL HEALTH EXAMINATION FORM**

**TO BE COMPLETED IN ENTIRETY BY PRIVATE HEALTH CARE PROVIDER OR SCHOOL MEDICAL DIRECTOR**

**Note:** NYSED requires a physical exam for new entrants and students in Grades Pre-K or K, 1, 3, 5, 7, 9 & 11; annually for interscholastic sports; and working papers as needed; or as required by the Committee on Special Education (CSE) or Committee on Pre-School Special education (CPSE).

<b>Please Return This Form To Your Child's School When Entirely Completed.</b>				

## Dental Health Certificate- Optional

Parent/Guardian: New York State law (Chapter 281) permits schools to request a dental examination in the following grades: school entry, K, 2, 4, 7, & 10. Your child may have a dental check-up during this school year to assess his/her fitness to attend school. Please complete Section 1 and take the form to your dentist for an assessment. If your child had a dental check-up before he/she started the school, ask your dentist to fill out Section 2. Return the completed form to the school's medical director or school nurse as soon as possible.

### Section 1. To be completed by Parent or Guardian (Please Print)

Child's Name: Last First Middle

Birth Date: / / Sex:  Male  Female Will this be your child's first visit to a dentist?  Yes  No  
Month Day Year

School: Name Grade

Have you noticed any problem in the mouth that interferes with your child's ability to chew, speak or focus on school activities?  Yes  No

I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. I understand this assessment is only a limited means of evaluation to assess the student's dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health.

I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.

Parent's Signature Date

### Section 2. To be completed by the Dentist

I. The Dental Health condition of \_\_\_\_\_ on \_\_\_\_\_ (date of exam) The date of the exam needs to be within 12 months of the start of the school year in which it is requested. Check one:

- Yes, The student listed above is in fit condition of dental health to permit his/her attendance at the public schools.
- No, The student listed above is not in fit condition of dental health to permit his/her attendance at the public schools.

NOTE: Not in fit condition of dental health means that a condition exists that interferes with a student's ability to chew, speak or focus on school activities including pain, swelling or infection related to clinical evidence of open cavities. The designation of not in fit condition of dental health to permit attendance at the public school does not preclude the student from attending school.

Dentist's name and address (please print or stamp) Dentist's Signature

Optional Sections - If you agree to release this information to your child's school, please initial here.  

- II. Oral Health Status (check all that apply).
- Yes  No **Caries Experience/Restoration History** - Has the child ever had a cavity (treated or untreated)? [A filling (temporary/permanent) OR a tooth that is missing because it was extracted as a result of caries OR an open cavity].
  - Yes  No **Untreated Caries** - Does this child have an open cavity? [At least 1/2 mm of tooth structure loss at the enamel surface. Brown to dark-brown coloration of the walls of the lesion. These criteria apply to pits and fissure cavitated lesions as well as those on smooth tooth surfaces. If retained root, assume that the whole tooth was destroyed by caries. Broken or chipped teeth, plus teeth with temporary fillings, are considered sound unless a cavitated lesion is also present].
  - Yes  No **Dental Sealants Present**

Other problems (Specify): \_\_\_\_\_

- III. Treatment Needs (check all that apply)
- No obvious problem. Routine dental care is recommended. Visit your dentist regularly.
  - May need dental care. Please schedule an appointment with your dentist as soon as possible for an evaluation.
  - Immediate dental care is required. Please schedule an appointment immediately with your dentist to avoid problems.
